

Switch Between Any Two HDMI™ Sources And Output to Two Displays

MODEL#: HDMI-SW-2X2M

Switch Between Any Two HDMI Sources and Output to Two Displays

The Linear 2x2 Switcher for HDMI routes high definition video in multiple resolutions up to 1080p plus multichannel digital audio from either one of two sources to the two displays. Two outputs gives you the choice of sending high definition audio and video signals to two displays simultaneously. A digital audio output port is available if you need to direct the audio to an A/V receiver. The 2x2 Switcher for HDMI eliminates the need to disconnect and reconnect sources to a display equipped with one input. It supports HDMI compatible equipment such as HD cable and HD satellite set top boxes, HD DVRs, HD-DVD players, Blu-ray Disc players, and other sources with an HDMI output. By using the IR remote, either source is accessible at all times.

How It Works

You simply connect all your sources to the switcher's HDMI inputs. Then connect up to two displays on the switcher's HDMI outputs. Once the sources, the switcher and the display(s) are powered and connected, you simply select which source you want to view using the IR remote.

Features

- Switch easily between any two HDMI sources
- Outputs are mirrored to two HDMI displays simultaneously
- Additional digital optical audio output is extracted from the HDMI input for easy connection to multichannel A/V receivers
- Extends the range of HDMI compliant device by equalizing and reclocking the HDMI signal
- Supports resolutions up to 1080p, 2K and 1920 x 1200
- HDMI / HDCP compliant

Specifications

- Video Amplifier Bandwidth: 165 MHz
- Input Video Signal: 1.2 Volts p-p
- Input DDC Signal: 5 Volts p-p (TTL)
- Single Link Range: 1080p/1920 x 1200
- HDMI Connector: Type A 19 pin female
- Digital Audio Output: Optical
- Remote Control Port: RS232 female, external IR mini-stereo jack
- Includes: Power Supply: 5V DC (Regulatory Approvals Include UL and CE), RMT-2IR remote control and two 6 ft Mono-Lok HDMI cables
- Power Consumption: 20 Watts (max)
- Dimensions: 10.25" W x 1.125" H x 4.25" D
- Shipping Weight: 4 lbs.
